Dear Tribal Member:

The Colorado River Indian Tribes wishes to thank you for taking that initial step forward to participate in our local tribal governance by serving as a Board or Committee member. The Tribal Boards and Committees serve as an advisory or regulatory group that set standards, make decisions regarding policies, and provide guidance to programs under the Tribal government. As a volunteer your time, knowledge and leadership skills can make a difference in a significant and meaningful way.

As you consider which Board or Committee to serve on remember to be an effective member your commitment of personal time is essential. Also, it is important your supervisor is made aware of taking personal time off to attend monthly and special meetings.

Again, thank you for your interest to become actively involved in our local tribal government.

Sincerely,

[Signature]

Amelia Flores
Tribal Council Secretary
