

PLATFORM SUBMITTED BY DENNIS WELSH

I am honored to have been asked by many tribal members to run for the Office of CRIT Chairman. Over the last few years tribal members have lost hope & trust in the CRIT Chairman's Office due to the lack of transparency & accountability in how tribal funds are spent.

If I am elected, I would do my best to work with the entire tribal council for the betterment of All Our People. As Chairman, I will work hard to make sure that Tribal Members always come first when it comes to jobs, housing, business & healthcare. We need to come together in a positive manner & plan our future for our children & grandchildren. As your Chairman I work my hardest to serve and unite the entire tribe! We must come together as One People! One Tribe, One future!

Thank you for your support!  
Dennis Welsh
