PERSONAL HISTORY INFORMATION

PLEASE STATE YOUR PERSONAL HISTORY, YOUR VIEWS, CONCERNS, AND WHAT YOU WISH TO ACCOMPLISH AS A TRIBAL COUNCIL MEMBER.

I was born and raised on this reservation, and when I die I will be buried here.

I served four years in the military and on my return I worked for my Dad for 10 years. I also worked for CMT Recreation for 11 years where I learned to love working with the children on this reservation.

Three of the ~~issues~~ issues I want to improve is 1) Communication between Council and tribal members.

2) Education for our children, with the Pandemic closing schools we as a tribe need to work harder to educate our kids.

3) Housing for our people, few of the Tribal members own their homes. I would work

To improve each.
